Basketball on PlayHQ

Ones, twos, and threes. FIBA foul-outs, bench technicals, and stats entered from the sideline.

Already live for Basketball England and state basketball bodies across Australia.

Rules set once, applied to every game

Foul rules, scoring and ladders run automatically in every competition, so scorers and administrators never apply them by hand.

FIBA foul-outs

Out on five personal fouls, or two technical or unsportsmanlike. Bench technicals go to the head coach.

- **Foul rules applied the same way in every game.**

Ones, twos, and threes

Every basket recorded as a one, two or three and credited to the right player, from one game to a career.

- **Shooting stats your players and coaches can use.**

Ladders

Calculated the moment a game is finalised, with forfeits handled. Ranked on wins, losses and percentage.

- **Standings up to date as soon as results are final.**

Scoring and game records

Points entered courtside update the ladder, the player's statistics and the public result at the same time. Nothing is entered twice.

- **Live e-scoring:** Scored courtside on any device and shown live in the app.
- **Stats from the sideline:** Team managers enter player, team and coach stats from their phone.
- **Play-by-play and timeline:** Every basket, foul and timeout in order, plotted against the clock.
- **Basic and advanced stats:** Switch between basic and advanced player stats, including periods played.
- **Career statistics:** Ones, twos, threes and fouls for every player, accumulating to career totals.

Included as standard

Basketball runs on PlayHQ's core platform, the same system netball, cricket, field hockey, football, rugby union and American football run on.

COMPETITIONS

Grades, draws and court allocation set up once, run all season.

PARTICIPANTS

One registration record per participant, across every club, program and clinic.

PAYMENTS

Fees collected in one transaction, distributed to club, association and national levels.

ENGAGEMENT

Websites, apps and video, generated from the competition data you already maintain.

INSIGHTS

Deduplicated participation by region, club, grade and format, live.

COMPLIANCE

Accreditations, permits and transfers on record. Ineligible players blocked at lineup.
