Rugby Union on PlayHQ

15s and sevens, club rugby to national competitions. Every try, card and replacement recorded the way rugby is played.

Already running for Rugby Canada since the 2026 season.

Rules set once, applied to every competition

Sin bins and bonus points are configured per grade and per competition. Concussion clearances follow your governance.

Sin bins

A yellow card starts the sin bin clock: 10 minutes in 15s, 2 in sevens.

Every exclusion timed to your rules.

Bonus point ladders

Try bonus and losing bonus added to the ladder automatically, with rules set per grade.

Your points system, applied to every result.

Concussion protocols

Stand-down and return to play built in, with clearances controlled by your administrators.

Return to play follows your governance.

Team sheets, cards, and results

Results entered on the sideline or after the match update the ladder, the player's statistics, and the public result at the same time. Nothing is entered twice.

- **Automated suspensions:** A red card rules the player out of next week's game and creates an incident.
- **Sanctioning:** Game, tournament and tour requests approved club to province to national body.
- **Named positions:** Loosehead prop to fullback, plus replacements 16 to 23.
- **Statistics:** Play-by-play for every match, building into player stats and career totals.
- **E-scoring and timeline:** Scored on any device, with every score plotted against the clock.

Included as standard

Rugby runs on PlayHQ's core platform, the same system basketball, field hockey, football, netball, cricket, and American football run on.

COMPETITIONS

Grades, draws and field allocation set up once, run all season.

PARTICIPANTS

One registration record per participant, across every club, program and clinic.

PAYMENTS

Fees collected in one transaction, distributed to club, association and national levels.

ENGAGEMENT

Websites, apps and video, generated from the competition data you already maintain.

INSIGHTS

Deduplicated participation by region, club, grade and format, live.

COMPLIANCE

Accreditations, permits and transfers on record. Ineligible players blocked at lineup.
